TECH BEATS DARTMOUTH

But Loses to Andover in a Snappy Game. Score 10 to 1.

With two goals against them in the first five minutes, the Tech hockey team won from Dartmouth, Thursday. In team play the Tech men were inferior. But the team pulled up after a bad start and snappily scored in the end, five goals to three. Very little lifting was done, the men carrying the puck by preference almost always. Gould at cover-point and Ford at end were Tech's best players; but Miller and Kelly shot most of the goals. Richardsen starred for Dartmouth.

The line-ups were:

TECH.	DARTMOUTH.
Sharp, g.	g., Crocker
Laird, p.	p., McLane
Gould, c.p.	c.p., Leighton
Miller (Capt.), f.	f., Foote
Gilkinson, f.	f., Richardson
Ford, f.	f., Brooks
Kelly, f.	f., Brett

Halves—20 and 15 min. Score—Tech, 5; Dartmouth, 3.

The Andover team beat the Tech team in the match played at the Brae-Burn Country Club's rink at West Newton Wednesday, winning by the score of 10 to 1. The offence of the Andover boys was fast and the shooting accurate. Heintzman, Waterman, and Fells played best for the victors, while Ford was the star for Tech.

The line-up:

ANDOVER.	TECH.
Fells, f.	f., Miller
Heintzman, f.	f., Ford
Waterman, f.	f., Gilkinson
	f., Coupal
H. Merritt, f.	f., Coleman
Foster, c.p.	c.p., Gould
Jewett, p.	p., Noyes
A. Merritt, g.	g., Sharp

Score—Andover, 10; Tech, 1. Goals made by—Fells 5, Waterman 3, Heintzman 1, H. Merritt, Ford. Referee—Palmer, Harvard. Timer—Hinks. Time—20 and 15m. halves.

PROF. GARDINER'S LAST LECTURE.

The fourth and last lecture of John Hays Gardiner, Assistant Professor of English in Harvard University, on The Literary Power of the English Bible, was given last night, in Huntington Hall, before an appreciative audience of between two and three hundred. As before, Prof. Gardiner spoke in his usual charming manner and impressed his audience by his simple and straightforward handling of his subject. This course has been very successful and it is to be hoped that the following courses will be as well appreciated and attended.

ROUND TABLE MEETS.

A meeting of the Round Table was held in 22 Rogers Wednesday afternoon. Glover, '07, and Bettington, '08, were elected new members. The vacant offices of the club were filled for the ensuing year.

SOPHOMORES WIN.

1908 Fencers Beat Tufts at the Gym. Score 7 to 2.

The Sophomore Fencing Team walked over Tufts College at the Gym Wednesday evening, winning seven out of nine bouts. L. D. Nix, of the Sophomores, was unable to participate in the meet, and the Tufts men, in a very sportsmanlike manner, allowed Jorge Lage, '06, to substitute in his place.

Lage and Bounetheau both won all their bouts in very easy form. Bounetheau did especially good fencing, and should make the empty place on the 'varsity team.

Wilkinson,, '08, had not touched a foil for eight weeks, but managed to win his first bout after an extra two-minute bout. Through a misunderstanding of the rules he lost his other two bouts.

Gantaum was Tufts' best man. He won one bout from Wilkinson, and made Lage and Bounetheau hustle to win. Alvarengo, who is considered to be the best fencer at Tufts, did not show his usual form and lost all his bouts.

The summary:

First Bout.—Lage, Tech, defeated Alvarengo, Tufts.

Second Bout.—Bounetheau, Tech, defeated Jeffers, Tufts.

Third Bout.—Wilkinson, Tech, defeated Alvarengo, Tufts. (Extra two-minute bout required for decision.)

Fourth Bout.—Bounetheau, Tech, defeated Gantaum, Tufts.

Fifth Bout.—Lage, Tech, defeated Jeffers, Tufts.

Sixth Bout.—Guntaum, Tufts, defeated Wilkinson, Tech.

Seventh Bout.—Bounetheau, Tech, defeated Alvarengo, Tufts.

Eighth Bout.—Jeffers, Tufts, defeated Wilkinson, Tech.

Ninth Bout—Lage, Tech, defeated Gantaum, Tufts.

Officials.—Judges; Cabot, B.A.A., and MacLeod, Harvard. Timer, Nix, Tech. Time, four-minute bouts.

PLANT TEST AT LOWEL.

A plant test at Lowell by thesis men will start Friday night and last until Sunday night. Assistants are wanted as early as possible Saturday morning. Shifts will be from eight to twelve hours long, according to the number of men who volunteer, and men will be shifted in position frequently in order that they may get as much experience as possible. Men will have to pay their own expenses, the railroad fare being $1.20 for the round trip. Those who are willing to stay the whole time as well as those who can go for only one shift, will please report to Mr. Porter at once so that the men who are doing theses may know how many assistants they can depend upon.

THE B. A. A. MEET.

Tech has Relay with Bowdoin. Tickets for Meet are Scarce.

The present outlook for the seventh annual indoor handicap meet of the B. A. A. at the Mechanics Building, next Saturday evening gives promise of much interest. Already the various colleges have been busy fitting out their representative teams and there is every indication that many records attained at previous meets will be broken. Of particular interest is the 390 yard relay race between Technology and Bowdoin College. Each school has entered four men. Those comprising the Technology relay team are: Williams, '07; Howland, '08; Todd, '08; Blackburn, '08; Moses, '09; Godfrey, '09.

From these six men the four runners will be picked. It is hoped that the Tech team this year will succeed in winning a decisive victory in the relay race. The handicap events, however, offer very little probability of winnings on the part of the Tech contestants. One of the serious drawbacks in the way of support is the scarcity of tickets for the games.

PROF. JOHNSON LECTURES.

"The Causes and Effects of River Capture" was the subject of Prof. D. W. Johnson's lecture before the Society of Arts, Thursday evening. He concerned himself first with the general features of stream development, tracing the adjustment of water courses to the varied conditions to which they are subject after reaching the period of maturity. Then followed a statement of the reality of river capture and of the process through which it is effected as shown by a typical example.

The obvious effects of river capture were enumerated, and in conclusion Prof. Johnson emphasized these by referring to actual cases, the capture of the Tennessee near Chattanooga and of the Chattahoochee by the Savanna. About twenty-four stereopticon views were thrown upon the screen as illustrations.

Prof. Johnson has spent two summers in the Appalachian Mountains investigating the subject. His lecture was based, in part, upon this personal investigation.

WILLIAM A. NICHOLS, PRINTER, 208 SUMMER ST., REAR

In answer to many questions as to the difference between the titles professor and doctor, THE TECH wishes to say that a professor is one who professes to be that which he is not, while a doctor is one who doesn't need to.

B. A. A. Meet.

The B. A. A. Meet at Mechanics' Hall tomorrow night should commend itself to all those interested in indoor track athletics. Over fifteen men will represent Technology, principally in the distance runs and dashes. The old system of entering has been changed so that those who have entered are obliged to compete. More training has been done than ever before and Technology should make a very good showing. The relay team will run Bowdoin, each man running 390 yards and, judging from the work that has been done, the chances of a victory this year are very good.

The Tech Show.

Few of the undergraduate activities occupy the place in our college life that the Tech Show does. Its influence in bringing the students together in a social way has been recognized more and more as the years have passed. The making of new acquaintances, the renewal of old ones, and the good times at the rehearsals are sure to make college life more pleasant. One cannot fail to notice that students who try for the Show during their Freshman year are sure to return in succeeding years. It will be found that the average student is capable of doing justice to his work while devoting a little time in the afternoons each week to the Show. This year's Show will be more representative of college life than those of former years, and Freshmen, Sophomores, Juniors and Seniors, upon you depends its success!

MEN WANTED FOR THE BUSINESS STAFF OF THE TECH.

All men desiring to compete for the Business Staff of The Tech should see the Business Manager, Mr. J. C. Brooks, at once. The competition will begin next week and every man who shows his business ability is sure of recognition.

CONVOCATION.

A convocation will be held in Huntington Hall Tuesday, Feb. 13, at 2 P.M. sharp, to meet Dr. George A. Gordon, of the New Old South Church. Dr. Gordon is among the great preachers who have made Boston notable, and with his increasing years is growing more prominent and powerful in the pulpit.

Exercises due at 2 will be postponed until 2.30. The President asks a full attendance.

NEW YORK ALUMNI MEET.

The members of the Technology Club, composed of alumni of the Institute who are residents of New York, held their 11th Annual Dinner at the Arts' Club in New York City last Saturday, with Alexander McKim, '86, president of the club, in the chair. The speakers were Walter S. Logan and W. M. Ivins. Mr. Logan spoke on "The Party in Municipal Government."

AMERICANS AT OXFORD.

The Right Rev. J. C. Hartzell, Methodist Episcopal Bishop of South Africa, has been at Oxford for the purpose of meeting the Rhodes scholars from the United States. The Bishop visited the various colleges, met the scholars in their own rooms, and learned something of the feeling among them in regard to their environment and the scholastic outlook.

He reports the general feeling one of satisfaction and hopefulness. The type of men was high and they were received in a good spirit by the other university men. The Americans are making excellent records in scholarships and athletics. H. J. Rose of Quebec recently took both the Craven and Ireland honors in classics, a record unequaled for many years.

No Tech men have yet been appointed Rhoades scholars.
